

## FUEL TANKS

### OBJECTIVE/GOAL:

To provide homeowners with guidelines for the installation of replacement home heating oil tanks or propane tanks for gas fireplaces.

### GUIDELINE DETAILS:

- Replacement home fuel tanks typically are approved to be located in a garage or basement and not on the home exterior.
- Outside propane tanks for use in gas fireplaces only will be reviewed on an individual basis.

---

### APPLICATION CHECKLIST (items to include with your application)

- PIR (Property Improvement Request) form must be completed and signed by the property owner.
- A picture of the item must be included with the PIR.
- Location of the proposed fuel tank on the property.
- Sizes of tanks to be installed will be reviewed on an individual basis.
