

RAIN BARREL

OBJECTIVE/GOAL:

To provide homeowners with guidelines for the installation of a rain barrel in Montgomery Village communities.

GUIDELINE DETAILS:

- Rain barrels must be placed in rear yards. Other locations will be considered on an individual basis.
- Rain barrel designs will be considered on an individual basis.
- Acceptable rain barrel types will depend on the type of community where the residence is located.
- Rain barrels will be permitted in high density communities (small yards, back-to-back house communities or four-plex “corner houses”) only if the yard is enclosed with high fencing.
- All barrels must be monitored by the homeowner with regards to safety and health issues.

APPLICATION CHECKLIST (items to include with your application):

- PIR (Property Improvement Request) form must be completed and signed by the owner.
- A property plat showing the location of the proposed rain barrel within the property.
- The measurement, materials and color of the rain barrel.
- All measurements, materials and material colors.
