

MONTGOMERY VILLAGE FOUNDATION, INC.
Investment Committee Meeting Agenda
April 17, 2017
****North Creek Community Center****
~7:00 PM

Open Session

Residents Time

1. Chairman's comments
2. Review and approve minutes from 1/17/17 meeting (enclosed)
3. Review investment portfolio (enclosed)
4. Adjournment

**MINUTES OF MEETING
MONTGOMERY VILLAGE FOUNDATION
Investment Committee
January 17, 2017**

A regular meeting of the Montgomery Village Foundation Investment Committee was held at 7:00 p.m. on Tuesday, January 17, 2017 at the North Creek Community Center Board Room, 20125 Arrowhead Road, Montgomery Village, Maryland.

Members Present:

Pete Young, President
Bob Carey, Treasurer
Jeff McCloskey

Members Absent

Dennis Clark, Vice President

Others Present:

Dave Humpton, MVF Executive Vice President
Greg Snellings, MVF Chief Financial Officer
Josh Stump, Wilmington Trust
Jennifer Thornett, Recording Secretary

Residents' Time

There were no residents present.

1. Chairman's comments

Mr. Young called the meeting to order at 7:04 p.m.

2. Review and approve minutes from October 17, 2016 meeting

Mr. McCloskey moved approval of the October 17, 2016 meeting minutes. The motion was seconded and passed unanimously.

3. Review investment portfolio

Mr. Stump reviewed the asset allocation analysis and noted that the portfolio is overweight in equity and underweight in fixed income. He added that while there were no changes to the portfolio for the year, the changes in the sub-asset classes are a function of changes in market value. Mr. Stump reported that the portfolio net of fees is up 4.4% for the year compared to a policy benchmark of 3.8% for the year. He noted that equity is up 13.8% for the year compared to a policy benchmark of 9.4%. Mr. Stump added that the significant

outperformance was driven by large cap equity. He noted that fixed income is down almost 2% for the quarter and trailed the policy benchmark for the year. Mr. Stump explained that the equity gains were wiped out because the majority of the portfolio is fixed income. In response to a question from the Committee, Mr. Stump noted that if the fixed income holdings are held to maturity they will earn the specified yield.

Mr. Stump reported that inflation hedges were down 3.2% for the quarter and trailed the policy benchmark for the year. He noted that real estate investments had a strong first half of the year, but there was a change in the complexion of the market for the second half of the year. Mr. Stump added that he would be surprised if the equity strategy were to outperform the S&P 500 again as you tend not to follow up with another strong performance year after year.

Mr. McCloskey indicated that his only concern is that they will have to move money around if there is another good year since they are at the top of the equity range. Mr. Stump noted that if fixed income remains flat to down, they will have to trim equities to stay within the policy. Mr. Snellings asked if there is conversation surrounding overvaluation. Mr. Stump noted that the election brought about optimism for the business climate. He added that there was a shift in the fundamental backdrop to support higher equity valuations and acknowledged that there is risk in terms of higher volatility moving forward.

Mr. McCloskey asked Mr. Stump to share the capital forecast. Mr. Stump noted that the report will be available on January 25, 2017 and he will pass it along.

4. Adjournment

Mr. Young moved to adjourn the meeting at 7:34 p.m. The motion was seconded and passed unanimously.

There being no further business, the meeting was adjourned at 7:34 p.m. The reports, authorizations, and other documents presented at the meeting have been initialed and attached hereto or filed in the offices of the Montgomery Village Foundation.

Jennifer Thornett
Recording Secretary

Investment Policy Statement

Prepared For

WTNA AGT MONTGOMERY VLG FNDN INC

**WILMINGTON
TRUST**

Investment Policy Statement

Effective Date: October 13, 2016

Investment Strategy: Conservative

Investment Objectives

The primary objective is to preserve capital on a real return basis after inflation with a secondary objective of a moderate growth of capital. Another objective of the portfolio is to maintain liquidity of the assets for cash flow needs. The strategy will consist primarily of fixed income securities, but will also include equity, inflation hedges and cash. Fixed income investments include taxable and/or tax-exempt instruments. Equity investments will be diversified by market capitalization, investment style, and include both domestic and international holdings. Inflation hedges consist of commodities, real estate and inflation-linked bonds.

Suitability

This strategy is appropriate for investors with an intermediate time horizon who seek income and preservation of capital.

Risk Profile

This strategy seeks to achieve its objective with a modest level of volatility. Other risks including purchasing power risk are inherent in this strategy. Broad asset class diversification may reduce risk and/or enhance returns.

Investment Policy Statement

Effective Date: October 13, 2016

Asset Classes	Benchmark	Minimum	Target	Maximum
Equity	Equity Blend (60% Russell 3000 / 40% ACWI Ex US IMI)	10%	20%	30%

Component Accounts

103377-000	WTNA AGT MONTGOMERY VLG FNDN INC
103377-001	WTNA AGT MONTGOMERY VLG FDN- RESERVE
103377-610	AGT MONTGOMERY VLF FNDN

Investment Restrictions

There are no investment restrictions on this portfolio. Wilmington Trust has full discretion regarding the investments in the portfolio.

Client Considerations

This is a foundation. For investment management purposes, the portfolio consists of three (3) sub-accounts: Dash account -001 holds a diversified mix of mutual funds and ETFs. Dash account -000 holds individual equities managed in accordance with Wilmington Trust's EDIS strategy. Dash -610 holds taxable bonds managed in accordance with Wilmington Trust's Total Return fixed income strategy. The account is managed on a total return basis.

This investment policy has been modified to reflect the ranges and benchmarks chosen for all sub-asset classes by the Montgomery Village Foundation Investment Committee.

Income Considerations

There is no specific income target for this portfolio.

Investment Policy Statement

Effective Date: October 13, 2016

Tax Considerations

The portfolio is a 501c4 and therefore has no tax concerns. Taxable fixed income will be used for the allocation to core bonds.

Liquidity Requirements

Liquidity requirements are low as this is the foundation's reserve fund. No distributions are anticipated at this time.

Legal Constraints

There are no legal constraints that would place restrictions on the investment management of this portfolio.

Conversion Plan

A conversion plan is not applicable.

Supplemental Report Disclosure

Supplemental Report Disclosure

General

These reports and the information contained herein are provided as a supplement and are intended for information purposes only. They are not a replacement or substitute for your custodial account statements. You are encouraged to carefully review custodial statements and retain them for your records as they may contain notices, disclosures and other important information. Due to differences in production, these reports may vary in some details, including pricing. Please report promptly any material inaccuracy or discrepancy in this information to your relationship manager. If revised data becomes available to Wilmington Trust after these reports are generated, we may update our records accordingly, however, revised data typically will not result in the generation of a new report.

Investment products are not insured by the FDIC or any other governmental agency, are not deposits of or other obligations of or guaranteed by Wilmington Trust, M&T, or any other bank or entity, and are subject to risks, including a possible loss of the principal amount invested.

The investment values and estimated income information reported herein may be generated using market quotations, closing price, mean bid or ask, or estimated market value obtained from various quotation services or issuers which we believe to be reliable and which were available when the report was prepared. If an investment did not have a readily determinable value, then reported values are based on the last valuation available to us at the time the report was generated. For assets not custodied at Wilmington Trust, prices and values are provided by an independent third party, such as the issuer or their administrator, and Wilmington Trust is not responsible for this information, nor can Wilmington Trust guarantee its accuracy or timeliness.

Investment Values may not equal market value or fair value and may include accruals. **Asset values will fluctuate.** This report should not be used to prepare tax documents. Information for tax reporting purposes will be reflected in your annual Wilmington Trust Tax Information Letter.

Illustrations of recommended portfolio changes may be included in some reports. Such illustrations may include estimates of proceeds from sales, or purchases based on those proceeds. These estimates are provided for illustrative purposes only, do not reflect actual activity in your account, are based on the same historical pricing used throughout this report, and are not assurances or guarantees of trading or investment results. Trade confirmations should serve as the primary record for the execution of a trade.

Charts and other graphics may be supplied by a third party and are for illustrative purposes only. Negative numbers are not displayed in some of the graphics.

PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS.

Performance is provided gross of fees unless identified as Net. Gross returns reflect the deduction of transaction costs and internal fees and expenses, such as a mutual fund's internal expenses, but do not reflect the deduction of advisory fees or other account expenses. Investor returns are reduced by such fees and any other expenses incurred in the management of an account and have a compounded impact over time. Similarly, the returns shown would be lower if the results reflected the deduction of advisory fees. Net performance reflects the deduction of advisory fees. Performance results are specific to investments in your account and will vary, sometimes materially, from other accounts depending upon the performance of individual investments as well as any restrictions, the timing of rebalancing, actual expenses and fees, and other factors. Closed accounts are not listed, but may be included in historical market values and rates of return.

Performance calculations assume dividends and other earnings remain in the account until otherwise reinvested or distributed. Returns are time-weighted and calculated monthly. Periods greater than one year are annualized. **Certain holdings may be excluded from calculations or may be treated separately:** PRIVATE EQUITY FUND returns are excluded from the calculation of equity returns; SEGREGATED ASSETS are considered separately for performance calculations, but may not be categorized as Segregated on all reports - results are included in the Total Market Value and Grand Total Returns, but are excluded from the Total Managed Return; OTHER ASSETS are not defined in our standard asset categories, but they are included in all performance calculations.

Supplemental Report Disclosure

Key Terms

All data is provided for informational purposes only, as a supplement to custodial account statements, and may contain estimates. Below are key terms used in this report:

·**CONTRIBUTIONS/WITHDRAWALS:** The net of all funds received into or disbursed from the portfolio. Contributions include the addition of cash, receipt of assets, tax refunds, and loan repayments. Withdrawals include cash distributions, delivery of assets, and tax payments.

·**ESTIMATED ANNUAL INCOME (EAI):** EAI is intended for comparison purposes only and is not an assurance or guarantee of future results. EAI may be based on historical information for equities and commingled vehicles, such as mutual funds or private placements.

·**INCOME RECEIVED*:** The total of interest and dividends received from investments.

·**NET INVESTMENT CHANGE:** The increase or decrease in market value of the portfolio less Wilmington Trust fees. This figure excludes contributions and withdrawals.

·**REALIZED GAIN/LOSS*:** This is an estimate of realized gains/(losses) and is subject to change. These figures do not include any currency gains or losses.

·**UNREALIZED GAIN/LOSS:** The difference between the most recent market value available and the tax cost provided. If you have not provided tax cost information for holdings or believe you have more accurate information, please contact your relationship team.

*This report should not be used to prepare tax documents. Information for tax reporting purposes will be reflected in your annual Wilmington Trust Tax Information Letter.

Benchmarks

There are a variety of market indices or blended indices that may appear as benchmarks for comparison purposes. Returns relative to index results may not be reflective of a portfolio's ability to achieve your financial goals. There may be differences between the indices included in this report and the indices in your Investment Policy Statement or the benchmarks used for the specific strategies in which the portfolio is invested. For additional information please contact your Investment Advisor.

·**POLICY BENCHMARK:** The composition of the Policy Benchmark as of the date of this report is footnoted on the Investment Summary report. The Policy Benchmark is determined by the weights and indices selected in your Investment Policy Statement. If there have been changes to your Policy Benchmark, the current benchmark is linked to the benchmarks used in prior periods. Policy Benchmarks may also be presented by asset class: Equity, Fixed Income, Inflation Hedges, and Hedge Strategies.

·**BROAD BENCHMARK:** An index or blended index of market indices selected by your Relationship Team. The allocations may change over time if a change is made to the investment strategy. Changes made to this benchmark by your Relationship Team are applied retroactively to all prior periods.

·**ALLOCATION BENCHMARK:** The Allocation Benchmark is a blended return of broad market indices assigned by asset class based on the portfolio's allocation at the beginning of each month. Weightings to illiquid or privately held assets may be excluded from the calculation. The market indices that may be used in this benchmark are Standard & Poor's 500 Index, Russell Midcap Index, Russell 2000 Index, MSCI ACWI ex-US IMI, MSCI ACWI IMI, Barclays Capital Aggregate Index, S&P Municipal Bond Intermediate Index, Barclays Capital World Government ILB Index (Hedged), S&P Developed Property Index, Bloomberg Commodity Index, HFRX Absolute Return Index, HFRX Global Hedge Fund Index, and Lipper Money Market Funds Index.

·**BLENDED EQUITY BENCHMARK:** The Blended Equity Benchmark is a blended return of broad equity indices assigned by equity asset class based on the portfolio's allocation at the beginning of each month. Weightings to illiquid or privately held assets may be excluded from the calculation. The market indices that may be used in this benchmark are Standard & Poor's 500 Index, Russell Midcap™ Index, Russell 2000® Index, MSCI ACWI ex-US Net, and MSCI ACWI IMI.
