10120 APPLE RIDGE ROAD
MONTGOMERY VILLAGE, MARYLAND 20886-1000

EXTERIOR PAINT CRITERIA

Many communities in Montgomery Village have standard exterior colors that are required by the community-specific architectural criteria. These Village-Wide criteria supplement rather than supersede those criteria. When there is a conflict, the community criteria shall prevail.

- When community criteria do not restrict it, homeowners in Montgomery Village are allowed and encouraged to update the colors on their homes.
- Color changes to any element of the home, including siding, trim, shutters, painting of brick, front doors, storm doors, garage doors, and gutters and downspouts must be approved in writing in advance by the Architectural Review Board.
- The MVF Architectural Standards Department has records of all current house colors, and staff are available by appointment to advise homeowners in selecting new color schemes for their homes.
- All communities in Montgomery Village have an approved color palette, and new color schemes must be in line with the community's color palette to be approved.

Please consult your community criteria before applying for a color change to your home, and reach out to the Architectural Standards Department with questions or requests for assistance.

Questions: Call or e-mail Architectural Standards at (240)-243-2364 or archadmin@mvf.org

All Architectural Standards information including community criteria is available on www.montgomeryvillage.com. Property Improvement Request applications are available at www.montgomeryvillage.com/pir. Approved by the MVF Board of Directors 4/23/2020.
